MEMORANDUM FOR: Director, Office of Legislative Liaison

25X1

FROM: Robert M. Gates
Deputy Director for Intelligence

SUBJECT: DI Research Program for 1986

Church -

25X1

The breadth of these topics obviously will require from us a special effort to coordinate closely with collectors, as well as with non-DI and non-Agency components. We have this year increased our attention to regional and global issues, and include many interdisciplinary projects--a vital counterpoint to the many more narrowly focused studies we must still do.

2. Doing the program on a fiscal year basis, we believe, is paying dividends in better integration with our external contracting and in easier coordination with the planning cycles of other Intelligence Community elements. We also plan a large number of joint office projects this year.

3. You will note that this program details our planned work on Foreign Intelligence Threat to US Interests. We expect, this year, energetically to exploit spadework done earlier on this topic.
